WOODROW WILSON FOUNDATION CAMPAIGN PROGRESSING.

With Mrs. Frank Sledd, in charge as chairman, and assisted ably by a corps of precinct chairmen in the city and county, the drive to raise Bourbon county's quota of \$750 for the Woodrow Wilson Foundation, had an auspicious opening Saturday. Headquarters were established in the office of the Bourbon County Farm Bureau. The first day's work brought in the sum of \$300.

The drive in the county was under the supervision of the following precinct chairmen: North Middletown, Bunyon Pence and Robert Jones; Little Rock, Ray Burris; Clintonville, Richard Darnaby; Ruddles Mills, Thos Padgett; Millersburg, W. D. McIntyre; Centerville, Vol Ferguson.

In Paris Mrs. Sledd has been ably assisted by Will G. McClintock, George W. Judy, Harry O. James, Miss Elizabeth Jasper, and many others. Mr. Judy raised the sum of \$103.50, among the contributors being two colored men, Russell Corbin, and Prof. F. M. Wood, principal of the Western High School.

If you believe in Woodrow Wilson, in the great principles for which he fought, and which have stamped him as one of America's greatest statesmen, and certainly the greatest of this day, go to the office of the chairman, and leave your contribution today. Do it now.

JAIL DELIVERY PREVENTED.

Watchfulness and alertness on the part of Jailer James E. Taylor and Deputy Jailer Chas. Thomas prevented a prisoners escape from the Paris jail about 3:15 o'clock yesterday morning.

Ernest Jones, who had been arrested and placed in jail here on a forgery charge from Maysville had taken a rail from the iron bed in his cell and prised loose a window casting, when the officials appeared on the scene in the nick of time to stop his activities. Mr. Taylor stated that some sixth sense seemed to warn him there was something unusual going on, which prompted the investigation. The slight noise made by Jones was drowned out by the janitor in firing the furnace in the basement and only the jailer's intuition prevented Jones' escape.

Mr. Taylor says the jail must be put in better condition if his charges are to be kept securely as intended by law.

Jones was arrested Sunday night in the Louisville & Nashville railroad yards in this city, by Chief Link, as he was endeavoring to board a freight train. Jones is one of two brothers, who was sent to the State Reformatory at Frankfort for stealing the automobile of Newton Herndon. The forgery offense for which he is wanted in Maysville was committed Saturday.

PARIS COUNCIL PROCEEDINGS

At the last regular meeting of the Paris City Council, with Mayor E. B. January presiding, and a full Board of Councilmen present, Mayor January issued instructions to the police department to begin enforcement of the automobile laws requiring autos and trucks to have 1922 license tags displayed. The ten days of grace allowed auto owners in which to secure their license for 1922 has expired, and many owners of autos in the city and county have as yet, failed to secure the necessary license and tag. It was also stated that a number of Paris merchants had failed to take out or pay their city license, and City Attorney C. A. McMillan was instructed to take the necessary steps at once.

A petition from a number of colored people asking a permit for holding a dance in the U. B. F. Hall on Eighth street, was laid on the table without action being taken. It was reported to the Council that following a recent dance there was considerable disorder on the streets in the vicinity. A manufacturer of an electric belt asked the Council to fix a license allowing him to demonstrate and sell his article on the streets. As the city ordinances already provide a license of ten dollars per day, the request was not acted upon.

Former Councilman D. C. Parrish, of the firm of Ford & Co., requested the Council to allow a bill owing his firm for material furnished a sewer contractor. The matter was referred to a committee Chief of Police Link read his instructions to the members of the police force in regard to patrolling their beats, one of the number being designated each month as traffic officer. Chief Link also suggested that police headquarters be established in a suitable location on Main street. The matter was taken under advisement. The Paris Water Co. was allowed \$39 for removing a hydrant from in front of the Mammoth Garage to a point near the Windsor Hotel.

Horde W. Mann submitted his report of an audit of the books of the City Clerk. The City Clerk was directed to refund to the city \$90 collected as his percentage of franchise tax from the Louisville & Nashville railroad.

One of the most interesting and enjoyable meetings of the Bourbon County Garden Club was held at "Auvergne," the beautiful country home of Mrs. Cassius M. Clay, near Paris, last week. The hostess had planned this meeting for mid-winter in order that the members of the Club might have the pleasure of seeing the large holly trees on the lawn in full berry.

The meeting was in charge of Mrs. Hiram Roseberry, president. The principal speaker of the afternoon was Prof. F. J. McFarland, of the University of Kentucky, who dwelt particularly on the subject of holly trees and shrubs. In her announcement of plans for the new year Mrs. Roseberry said that Mrs. Thomas H. Clay, an honorary member, had offered a prize to the Club, to be presented next autumn.

There was a large attendance at the meeting, which was voted one of the most enjoyable the Club has held for some time. A large number of visitors came from Lexington, Winchester, and other surrounding towns.

EDITORIAL FLINGS

Of course, if dentists are to be permitted to prescribe whisky for their patients, we predict a great wave of tooth-pulling in the United States.

A paragrapher says: "It don't what's on a girl's back; so much as what's in her head." Fine, but if it is a pretty dress we've never seen much of anything on her back.

It is announced as a news item of great interest that goloshes are to be worn buckled this season, but nine out of ten persons, even as they buckle their overshoes, will be asking "What are goloshes?"

That fourteen-year-old girl in Perry county who is a bride may have been reading about how many husbands some city women have, and as a result decided to get an early start.

The convenience of the automobile is emphasized anew in the possibility of carrying a duster, a rain coat, an ulster, an umbrella, ice skates, goloshes, a spring overcoat and other necessities of our rapidly changing winter climate.

Again facts beats fiction. A Jefferson county resident's home was raided and the dry officers discovered a private still "which evidently had not been used for some time, as there was no evidence of mash or whisky."

According to a statement in an article in a recent number of the Literary Digest the mountains weigh less than the valleys. Which reminds us of the Paris girl who suggested that a spare tire should be heavy, since it has a hundred pounds of air in it.

These sudden changes, blowing hot and cold, creates the most dangerous weather we have — so be very careful, says a Paris physician. Don't think because a day happens to be bright and clear, that you can lay aside your wraps. Old Man Pneumonia is standing just around the corner, waiting for you; the undertaker is flirting with your bank roll; the grave is yawning for a victim, and the shades of departed ones are saying: "There's another wise guy coming for a long, long stay."

I am told that a good many Paris people are eating beans. Dry fodder, I would call it. Not so very long ago the very same people were drinking mineral oil for their health. Bean seems to work about the same on the alimentary system of human beings as what farmers call "roughage" does on that of animals, and the same rule holds true, the less exercise the more "roughage." The man or woman who puts in several hours daily in strenuous exercise does not need to worry over bean or mineral oil, but for those who lead sedentary lives both doubtless have their value. As for me, I would as soon eat sawdust as bean, and mineral oil and castor oil look just the same.

THIN, FLAT HAIR
GROWS LONG, THICK
AND ABUNDANT

"Danderline" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and in a few moments, you have double the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair, fine and downy at first — yes.

but really new hair growing all over the scalp. "Danderline" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant. (T-tf)

WM. SHOUT GETS TWO YEARS.

In the Federal Court at Lexington Saturday Judge Cochran imposed a sentence of two years in the Federal penitentiary at Atlanta, Ga., on Will Shout, of Paris. Shout was arrested after he had attempted to steal from an interstate shipment which he handled as an employee of the Louisville & Nashville, at Paris. He was apprehended and held to the Federal grand jury several months ago.

When arraigned before Judge Cochran, Shout entered a plea of guilty and threw himself on the mercy of the Court, asking for clemency. After he had been sentenced Shout was permitted to give bond for his appearance in Lexington yesterday, to return to Paris and straighten up his affairs before being taken to the penitentiary.

STOLEN AUTO FOUND

The five-passenger Buick automobile belonging to Mr. Charles N. Peddicord, of Paris, which was reported as having been stolen in Lexington on Saturday night, was found late yesterday afternoon. Mr. Peddicord made a vigorous search for the machine, which had been driven to Lexington by a friend from Paris, and left parked in front of the Lexington Herald office. Mr. Peddicord was notified yesterday that the machine had been found by the police, at a point five miles out of Lexington. The police were told by a woman who lived in the vicinity that the machine had been left there about midnight Saturday. The car was restored to Mr. Peddicord last night.

TWO FIRE ALARMS

An alarm sent in Friday night from Box 21, called the fire department to Marshall street, where a small tenant house occupied by colored people had caught fire from a defective fuse in the kitchen. The blaze was subdued by the department after a sharp fight. The property, which was insured, is owned by Mr. J. Will Thomas.

The false alarm fiend was on the job Sunday night, an alarm being turned in from Box 34, near the F. & C. tracks. The department responded, but found nothing to do. Even the extreme penalty provided in such cases fails to deter these miscreants, who seem to think it a species of fun to call the department out on runs of this kind. Some day one of these "bugs" will fall into the clutches of the law, and they will have something to regret for some time after.

—She Is FULL OF PEP THEY SAY

She Is Good-Looking and Gay and is Always Ready For a Good Time

Why is a girl popular? Look around and see what a good time the good-looking ones have all the time. Men seek them out and ask them to parties, dances and entertainments. And notice that it is not the doll-face type real men like most, but the red-blooded girl with "pep" and happy good nature. Any girl who is tired and languid and has a poor complexion and dull eyes can improve her condition and be far happier if she will simply take Gude's Pepto-Mangan until she has put her blood into good condition. Red blood means "full of life" and "full of life" usually means happiness.

Try Gude's Pepto-Mangan and see how much better you feel. Doctors have used it nearly thirty years for weak, run-down people. It helps them get well. Sold in both liquid and tablet form. (adv.)

Instant Relief! Don't stay stuffed-up! Quit blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up any cold.

WORDS FROM HOME

Statements That May Be Investigated—Testimony of Paris Citizens

When a Paris citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statement of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Paris resident. No stronger proof of merit can be had. Joe Kiely, proprietor shoe repair shop, 11 Seventh St., says: "Doan's Kidney Pills did me a world of good and I take pleasure in recommending them to anyone suffering with kidney complaint and my back ached most of the time. My kidneys were weak and the secretions were highly colored and contained sediment. I lost my sleep at night as there was no let up to the pain in my back. I got four boxes of Doan's Kidney Pills at Ardery's drug store and used them according to directions. They rid me of the trouble entirely."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills' the same that Mr. Kiely had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

But, when you come to think of it, it is almost as easy to love some enemies as some friends.

BURLEY OFFICIALS SALARY NOT FIXED

The many rumors in circulation about proposed salaries of officials of the Burley Tobacco Co-operative Marketing Association are entirely without foundation, according to a local member of the Association, who says he is "in the know."

He says that the question of salaries has been deferred until the Association is in smooth running order, and when fixed the salaries will be published, so that each member of the Association may be informed. He further stated that the directors will receive no alary at all except their traveling expenses and a per diem when actually attending a meeting of the directors, which he thinks will be not oftener than two or three times a month.

HER FRIENDS WERE GREATLY AMAZED

Mrs. Long Relates The Remarkable Facts Concerning Her Case

To give you an idea of what an improvement Tanlac made in my condition, I recently visited my old home for the first time in two years and were amazed to see how much better I was looking," said Mrs. J. L. Long, Sixteenth and Walnut streets, Kenova, W. Va.

"I both feel and look like a different person now. For the first time in six years I can sit down to a hearty meal and enjoy it without fear of indigestion afterwards. I have gained twenty pounds in weight, too, and feel fine all the time. I used to be troubled a great deal with nervousness, but that is all passed away. There is no doubt in my mind that Tanlac is the best and grandest medicine ever made."

Tanlac is sold in Paris at Roche's drug store, and at all leading drug stores. (adv)
